DISCOVER THE CALM,  
FEEL  
THE DIFFERENCE.

# A COMPLETE RANGE FOR YOUR EVERYDAY PROJECTS

We believe that ceilings are an integral part of every interior. They help give us a wonderful sense of wellbeing and safety.

By combining form and function, ceilings enhance and protect the spaces in which we live, work, heal and grow. They balance acoustics and influence the way we think and feel. That's why we've created **TOPIQ®**, an acoustic ceiling that meets all your expectations: aesthetics, durability, ease of installation and excellent sound absorption. The technology behind our **TOPIQ®** range is based on rock wool panels covered with a smooth, white

acoustic fleece. The products in the range stand out for their lightness, ease of handling, very good resistance to moisture, and high-quality sound absorption, thus meeting the varied requirements of your customers. Knauf Ceiling Solutions offers two product variants, **TOPIQ® Prime** and **TOPIQ® Efficient Pro**, providing high levels of absorption to meet the particular requirements of each space.

## INSTALLATION TIPS

- Easy to install and cut
- Non-directional surface
- Lightweight
- Easy to handle

**EXCEPTIONAL PERFORMANCE AND COMPLIANCE WITH REGULATIONS**  
FOR ENHANCED ACOUSTIC COMFORT.
